DISCOVER HOW OUR WEALTH-BUILDER PLATFORM COUPLED WITH OUR REVOLUTIONARY CRYPTOCURRENCY WILL GIVE YOU ALL OF THE SUPPORT, TOOLS, AND RESOURCES YOU NEED TO EXCEL.

- The Wealth Builder IQ Platform was developed with a vision and purpose to serve members who choose to join the Journey of Building Wealth and to connect with thought leaders and innovators that are serious about Financial Freedom, Community, and Becoming Self-Governing.
- Simply put, our mission is to address the growing wealth gap in our country by eliminating the barriers to building wealth.
- Essentially, this means creating access. Access to opportunities, information, and access to capital. It is really that simple. Wall Street and the entire financial service industrial complex make it very hard for most of us to access an early-stage opportunity (where there are the highest returns), or access capital to fund an idea or an investment. Therefore, we are left to essentially gamble on the opportunities we find on our own or attempt to borrow money with little support.
- The Founder **Mr. Jamel Dennis** established the Sovereign Wealth Trust for members of our organization to participate in Crypto & Blockchain-based Investments.
- So far the organization has managed to complete its first phase of development on the Wealth-Builder IQ platform which has its very own Native Cryptocurrency called the “Sovereign Wealth Coin” created to facilitate payments and rewards on the Wealth-Builder IQ Platform.

INTRODUCING SOVEREIGN WEALTH COIN

The Wealth Builder IQ platform has its own Native Cryptocurrency called the “Sovereign Wealth Coin” created to facilitate payments and rewards on the Wealth-Builder IQ Platform.

The token’s value is set at \$1.00 per SWC. The coin may fluctuate (Go up or down in value) in the secondary markets but the coin will never change or fluctuate in value when used on the Wealth Builder Platform as payment for products and services. The Sovereign Wealth Coin was also developed to encourage group economics and the redistribution of spending within the ecosystems and marketplaces created by our organization and strategic alliances.

In addition to the Sovereign Wealth Coin being used on the Wealth Builder IQ Platform, the organization wants to establish Wealth Coin as a means of payment outside the platform with participating merchants within our network.

EXCHANGE WE ARE UTILIZING

- It is an easy, fast, and secure exchange in a truly decentralized way. We are going to create an ecosystem where people will own their assets.
- It is a peer-to-peer (P2P) that connects buyers and sellers where the people can sell their ideas and projects as well.
- The Exchange is non-custodial, meaning a user remains in control of their private keys when transacting on a Wealth-Builder IQ.

1-No KYC/AML

- KYC/AML (Know Your Customer and Anti-Money Laundering) compliance is the norm for our exchange.
- For regulatory reasons, individuals must often submit identity documentation and proof of address.
- Our Exchange doesn't demand any documents for verification purposes making the user completely anonymous.

2-Additional Features:

- Powerful Matching Engine
- Multi-layer Security
- Instant KYC and AML Verification
- Escrow System
- Dispute Management
- Preferred Trader Selection
- Admin Panel
- Multi- language Support

OPEN FOR GLOBAL PARTICIPANTS

- We facilitate the transaction and bring them closer to a wider audience. An added benefit of use is that it's completely decentralized, so trading can be done freely across borders.
- The use of technology will facilitate a financial revolution that will leave everyone more financially connected, empowered, and enabled. It has no border so these can be used no matter where you are located globally.
- This also has a huge effect on international payment fees. Traditionally international transfers have much higher fees than domestic transfers and payments. International payments and transfers with crypto are the same as domestic.

FREE FROM CORPORATE AND GOVERNMENT INTERFERENCE

- "SWC" transactions have no intermediary institutions or government involvement, and the costs of transacting are kept very low. Additionally, any transfer happens very quickly, eliminating the inconvenience of typical authorization and waiting period requirements.

SAFE & SECURE

- It is a safe and secure platform that is continuously improving the security of the system to ensure the safety of the platform.

WALLET WE ARE UTILIZING

- "Sovereign Wealth Coin" is the utility cryptocurrency token for the "WealthBuilderIQ" ecosystem.
- "WealthBuilderIQ" has an integrated cryptocurrency Digital wallet ("Lobstr").

- Lobstr is fast, secure, and will have a low transaction fee than others, and users can donate and vote for the organization by using our wallet. A user can hold and swap by using our Wallet.

BENEFITS OF HOLDING SWC!

Holding "SWC" is advantageous in the crypto world as it generates rewards by holding it on exchange and generates passive income by the value of the collection as a whole increasing. When a user holds "SWC" they can easily get their rewards. It is also the easiest method to earn passive income in a decentralized world as its value increases for its holders.
